

Visit www.shutan.com to see samples of our work!

Using specialized telecine movie equipment and digital editing systems, Shutan.com offers you top-quality recordings with the security of doing all the work ourselves. We understand the value of your precious memories and have installed many thousands of dollars worth of equipment so we don't have to *farm-out* your priceless originals like many other companies do.

We use high quality recording media and record in SP mode for best quality. Your valuable originals are returned to you. We can assemble all of your photographic memories – movies, slides, photographs, as well as flat art, drawings, etc. We can also add computer generated titles and background music! **We're preservation experts!**

Movie film to DVD

Our DVDs are made directly from the movie film! We don't make a VHS first and then make a second-generation DVD copy like many others do. If you prefer, we also transfer to VHS, Mini-DV, Hi8, or Digital-8 format. (Mini-DV is the best format if you're going to be editing the movies in your own computer)

SUPER-8, REGULAR-8, AND 16MM (SOUND OR SILENT)

Over 8000 feet..... 14¢ per foot
4000 to 8000 feet 15¢ per foot
2000 to 4000 feet 16¢ per foot
less than 2000 feet (**\$59.95 minimum charge**) 17¢ per foot

Cored 16mm film (not on standard reels), add..... \$8.00 per reel
Additional Master DVD at time of orig. order \$14.95*
Additional Master tape at time of orig. order \$14.95 per tape

DVD chapters will be at the beginning of each movie reel and/or title, and may also appear in other areas of each reel due to projector technicalities and/or film skips.

*Per/foot pricing based on any number of 200' or larger reels being submitted and/or up to 10-50' or 100' reels. **When more than ten 50' or 100' reels are submitted, there will be a \$1 per reel handling charge added to the order for each reel. Example: If job contained sixty-five 50' reels, there would be a handling charge of \$55 added to the order.***

R8/S8 SOUND/SILENT @ 20fps:

3" reel = 50' 3 min. 5" reel = 200' 12 min. 7" reel = 400' 24 min.

16MM EARLY SILENT @ 15fps:

3" reel = 50' 2 min. 3.5" reel = 100' 4 min. 7" reel = 400' 17 min.

16MM LATER SILENT OR SOUND @ 22fps:

3" reel = 50' 1.5 min. 3.5" reel = 100' 3 min. 7" reel = 400' 12 min.

\$14.95 price is for jobs that require only one (1) DVD to complete the order. For 3 or more copies of single disc jobs, use **Disc Duplication prices on reverse. For jobs that require more than one (1) DVD to complete the program, use prices below:*

2 @ \$19.95 • 3 @ \$24.95 • 4 @ \$29.95 • 5 @ \$34.95

Video tape to DVD

We are able to copy from VHS, S-VHS, VHSc, 8mm, Digital-8, Hi8, Beta, Mini-DV, and 3/4".

FIRST DVD:

up to 30 min. \$14.95 (typically VHSc)
31-60 min. \$19.95 (typically Mini-DV, Digital8)
61-120 min. \$24.95 (typically VHS, 8mm, Hi8)
121-240 min. \$34.95 (typically VHS LP/EP)
241-360 min. \$44.95 (typically VHS LP/EP)

Beta: add 20%, **3/4"**: please inquire

1-inch open reel: approx. \$150 per reel – by estimate only.

Quantity Discounts: 10+ 10% off, 20+ 20% off

ADDITIONAL DVD MASTERS FROM SAME ORIGINAL:

\$4.95 per disc (at time of original transfer, up to 2 hours)

Chapters will automatically be inserted at approx. 3-5 minute intervals. **No titles, editing, removal of blank scenes, or combining of tapes can be done.** One original tape will equal one DVD, with a maximum of 120 min. per DVD. *Our pre-job cost estimates are based on original recordings being in SP mode.*

DVD facts and compatibility

DVDs have a long archival rating. This is because the DVD surface doesn't come in contact with any mechanism during playback, so there's no wear and tear. Only DVD players or computers with **DVD-R ("minus-R")** compatible drives will be able to play our DVDs. Customers wishing to edit footage at home should specify Mini-DV or D8 tape as the recording format.

We produce an industry standard MPGA-LII **DVD-R** disc compatible with most DVD players made within the last 6-7 years. Once we complete your job, your DVD is tested on a basic DVD player for proper playback. We cannot assume responsibility for compatibility with your equipment. A sample DVD-R is available for you to test with your equipment beforehand if you desire.

Additional services

(above and beyond any minimum charges listed)

Computer generated titles – standard\$3.00/screen
Computer generated titles – longer/scroll\$5.00
Background music (from Shutan.com's library)\$20.00/120 min.

Over 25 Years Experience!

**Fires, storms, and floods do happen . . .
Preserve your memories before it's too late!
Bulk "shoebox" photo scans to computer CD**

Everybody's got them. Boxes of old photos. Drawers stuffed with photos. Basements with photos. And yes, even shoeboxes with photos! **We offer an affordable option to preserve those memories for years to come.** Our in-house bulk scanning service safely provides computer scans of your treasured photos and puts them onto a computer CD. No negatives required! Great for archiving. Great for sharing with family and friends or for adding nostalgic images to your digital picture frame. A perfect "pass-on" for the next generation! Priced as low as 25¢ per photo. Please inquire for an exact quote.

Photo restoration

Torn. Stained. Faded colors. No problem. Many restoration jobs can be completed for as little as \$50 including the replacement print! Your original photo never leaves the care and safety of our hands. Please inquire for exact pricing.
